

## MINERS THREATEN BUTTE WITH OIL

And Dynamite. If Either State or Federal Troops Are Called Out Vengeance to Fall ON BUSINESS MEN.

Butte, Mont., Aug. 31.—Miners openly threatened tonight to lay the town in ashes if either State or Federal troops attempt to enter Butte. One of the leaders of the miners declared that they do not purpose to fight the soldiers, but they would wreak vengeance upon the business men for bringing soldiers to Butte. "We have quantities of dynamite and oil," said one leader, "and the troops will find ashes."

Hitherto the majority of the miners have not credited the report that the militia was being mobilized as the local newspapers withheld the news on request of business men who feared that its publication would excite the miners. But today a Helena editor brought an automobile load of newspapers to Butte for sale and newsboys soon began crying the news of the mobilization.

Calls immediately went forth from President "Mackie" McDonald and the other leaders for a meeting of union miners which was held in secret to discuss the coming of the soldiers. Later a committee of miners was sent hurriedly to the railroad depot to determine whether the troops had arrived.

The miners called another meeting for tonight. The electric light plant and all the larger stores are guarded by many armed men, as are the mines. On the attic floor of the Courthouse there are fifty guards armed with rifles.

County Attorney J. J. McCaffery issued a warrant for the arrest of the Helena editor on a charge of inciting a disturbance, but he had left the city.

All ammunition in the hardware stores has been removed and firing pins taken from the rifles.

## A Texas Wonder

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of bladder troubles, removing gravel, the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggists will be sent by mail on receipt of \$1.00. One small bottle is two months treatment and seldom fails to perfect a cure. Send for testimonials from Kentucky and other States. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by Druggists.

### Rook Party

Miss Agnes Lynd was hostess at a rook party Friday morning in honor of Miss Ruth Littlefield and Miss Mary Smith, four tables were in the game and a most delightful time spent. A dainty ice course was served.

## BASSETT ELGIN REACHES NEW YORK

Madisonville Boy One of 3,000 Americans to Reach This Country Saturday.

Bassett Elgin, son of Mr. and Mrs. W. S. Elgin, of this city, who has been in Germany for the past six weeks was one of the 3,000 Americans to arrive in New York last Saturday from England on the White Star Liner Olympic. Mrs. Olive James, of Marion, was on the same ship.

Young Elgin telegraphed his parents Sunday of his safe arrival. Mr. Elgin had a long letter from his son last Saturday, mailed in Germany several days ago, in which the young man tells of the thrilling experience he had gone through during the time he had been in that country, having been arrested several times and had been put in jail once.

Young Elgin left New York Monday for Washington, where he has a government position.

## Red Letter Day at M. E. Church, South Next Sunday.

Special Educational services will be held at M. E. Church, South next Sunday evening, this service taking the place of the regular Sunday evening service. The pastor, Rev. W. A. Grant, will deliver a special sermon on the subject of "Education." The trustees and teachers of the local public schools are cordially invited to be present.

Let every member of the M. E. Church, South, make next Sunday Home Coming Day for the church, the hot weather is giving away to cooler weather, and now is the time to make up for lost time. Only three more Sundays till Conference. Let everyone feel that "My presence is needed."

The Sunday School with its teachers and officers extends to you a cordial invitation to be present next Sunday.

Sunday School at 9:45 am.  
Preaching by pastor at 11:30 a. m.  
Preaching by pastor at 7:30 p. m.  
Good music.

### Church Dedication

Rev. C. F. Wimberly, of Madisonville, went to Cadiz, Ky., last Saturday to dedicate a church for Rev. R. C. Bogard, pastor of the Cadiz circuit. The church was four miles from town on the pike. Knowing that the new church would not accommodate the crowd, the pews were taken from the new building, and placed in the grove, with many more improvised seats. It was estimated that fully 1000 people were present. The sermon was preached from a rude platform, after which all the remaining debt was raised by Rev. Wimberly, and about \$100 for extra improvements needed, and when the cash was counted up, all the demands were fully covered, debt and improvements, with about \$80 over. A table fifty yards long was built for dinner, this was literally covered with the fat of the land. It was stated that 30 sheep and 150 chickens were sacrificed for the occasion. It began to rain after dinner, whereupon the pews were placed in the church, and Mr. Wimberly preached to a crowded house at 2:30. Great numbers of people from Cadiz attended, and at night he preached again to a large audience at the Methodist church in Cadiz, notwithstanding the rain. Just 35 years ago the old Dyers Chapel was dedicated; this building burned two years ago. This has been replaced by a beautiful chapel on the pike; the first church was a mile away on a dirt road.

### For Miss Smith

At Oakmoor last Tuesday evening Misses Margaret and Elizabeth Kemp entertained a number of the young people in honor of their attractive guest Miss Mary Smith. A pleasant social evening was spent in lively conversation interspersed with music. Ice cream and cake was served.

### The Twenty Year Test.

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Geo. W. Brock, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and it has never disappointed any one." For sale by all dealers.

## TOURISTS' TRAVELING MONEY FOR AMERICA NEXT YEAR

Upwards of \$300,000,000 for Passenger Traffic in 1915

San Francisco—The European war is going to have the effect of keeping in the United States next year between two and three hundred million dollars that would otherwise be spent by American tourists abroad, according to Passenger Traffic Manager Charles S. Fee of the Southern Pacific Co., who has just returned from a business trip, on which he visited practically every principal city in the East. Mr. Fee returns breathing of optimism for 1915 travel prospects.

"The war is going to stimulate the 'See America First' movement," he said. "When the many tourists who have been spending fortunes in travel abroad see such scenic wonders and outing spots as California and the Pacific Coast have to offer, they will come back again and again."

"How much tourist money do you estimate will be distributed in the United States because of the war?" he was asked.

"Between two and three hundred million dollars. The natural outlet for this sum will be the Panama Pacific Exposition in San Francisco and the Panama-California Exposition in San Diego. In this connection, I talked with railroad agents in all the cities I visited. These men are in close contact with the prospects for business next year, and I can't recall one who didn't declare the indications for tremendous travel next year to be exceptionally promising."

### Summer Constipation Dangerous

Constipation in Summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Pains in the bowels and other ills are natural results. Po-Do-Lax will keep you well, as it increases the bile, the natural laxative, which rides the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose to-night 50c. at your Druggist.

### School Notes.

The Earlington Graded School will open its annual session September 7. In order that the work may begin promptly it is especially urged that parents see that their children are on hand the first day. No change has been made in the attendance law, so the same regulations in regard to work and attendance will be enforced as last year. We earnestly solicit the fullest cooperation of all parents in regard to attendance.

By an act of the last legislature, a school book commission was created which with only four exceptions changed every book which has been in use in Kentucky for the past five years. We are sorry such is true but under the law we are compelled to use the newly adopted books.

As usual the St. Bernard Store will handle the books and now have them with other supplies in stock. Where old books are in a useable condition an opportunity will be given to exchange for like kind at a reduced cost. Do not purchase any books until a certified list is given pupils Monday morning.

### NOTICE

Notice is hereby given, pursuant to section 561, Kentucky Statutes, that the Apontley Coal Company, a corporation of Kentucky, is closing up its business, and that all debts and demands against said corporation must be presented for payment on or before the 1st of October, 1914.

APONTLEY COAL CO.

By Jas. E. Rash, President.

Attest:  
Paul M. Moore, Secretary.

## STOCKHOLDERS' LOSSES BY 'PSYCHOLOGICAL' DEPRESSION

About \$1,200,000,000 Capital, Transferred to Dead Weight in Eighteen Months.

New York—That the "psychological" depression in business has had an intensely practical side to a large number of stockholders the falling off of dividend payments at the rate of \$60,000,000 annually in the past eighteen months will more or less bear out.

This \$60,000,000 has heretofore been paid annually on some \$1,200,000,000 of stock, so that the return to the investor, valuing the stock at par, has been equivalent to 5 per cent. At the present time the return to the investor is 0. Thus \$1,200,000,000 of capital, which heretofore has been earning a very fair return, has in the short space of eighteen months been turned into so much dead weight.

In the above figures are included only the larger corporations of the country, no account being taken of the thousands of smaller concerns from which it is impossible to obtain any data. Were these latter included the totals would undoubtedly be very much larger.

The Wall Street Journal records show that since Jan. 1st, 1913, fifty-seven railroads and industrials discontinued dividend payments altogether, while 20 reduced disbursements. Twelve railroads stopped and two reduced dividends, while forty-five industrials passed and eighteen reduced dividends.

In the case of the railroads the annual reduction in the dividend rate totals \$25,111,309 on \$557,408,573 stock, or 3.8%. The annual reduction in the industrial dividend rate totals \$34,535,111 on \$525,382,200 stock, or 6.4%.

### Summer Coughs are Dangerous

Summer colds are dangerous. They indicate low vitality and often lead to serious Throat and Lung troubles, including Consumption. Dr. King's New Discovery will relieve the cough or cold promptly and prevent complications. It is soothing and antiseptic and makes you feel better at once. To delay is dangerous—get a bottle of Dr. King's New Discovery at once. Money back if not satisfied. 50c. and \$1.00 bottles at your Druggist.

### WANTED—Good Homes for Children

The Kentucky Childrens Home Society has now in its institution two hundred and four children who are in need of homes. These children range in age from three months to fourteen years and they are possibly the brightest and most attractive set of girls and boys we have ever had.

The success of our work depends upon placing them in good homes, and we trust that these citizens who are willing to help the work will notify us of their willingness to take a child and will write the institution, 1086 Baxter Ave., Louisville, Ky., at their earliest convenience.

We do not mean by this that we expect only rich people to take the children for some of the very best placements we make are with people who are in moderate circumstances.

The Master's saying, "Inasmuch as ye did it unto one of the least of these, my brethren, ye have done it unto me" possibly was meant for just such work as this and at just such a time as this.

Respectfully,  
GEO. B. SHAW,  
State Supt.

Cure Old Sores, Other Remedies Won't Cure. The worst cases, whether of how long standing, are cured by this wonderful, old reliable Dr. Fothergill's Sore Ointment. It relieves the pain and heals at once. 25c. 50c. \$1.00.

## COUNTY TEACHERS PASS RESOLUTIONS OF RESPECT

Institute Pays Tribute to Memory of Prof. Jenkins and Mrs. Wright.

We, your committee on Necrology is pained to report that within the last year that death has entered our ranks and two of our worthy teachers have crossed into the great beyond.

Prof. W. H. Jenkins, who for many years was one of the foremost teachers and educators of the county died last February. He always took a leading part in all work that led to the upbuilding and improvement of our schools, and the advancement of the general welfare of the community in which he lived. His many interesting remarks on subjects before the Institute, and his inspiration and encouragement to all teachers will long be missed.

Mrs. Eleanor Wright, one of the teachers of the Hanson Graded School, died January 21, 1914. Mrs. Wright was one of the leading young teachers of the county and had taught only four years, three years in Kentucky and one in Louisiana. She was educated at the West Kentucky State Normal and was married to Prof. C. W. Wright, principal of the Hanson Graded School, in August, 1910. She was a devoted wife and highly esteemed by all who knew her.

Therefore Be It Resolved by the Hopkins County Teachers' Institute that we deeply regret the loss of these two worthy educators from our ranks, and we hereby express our deepest sympathy to these bereaved families, and a copy of these resolutions be delivered to each of the sorrowing families and also a copy be furnished to each of the county papers.

Respectfully submitted,  
TAYLOR CRANOR,  
NORA A. ORTON,  
TINIE LUTZ.

### Foolish Trading

As producers and builders, the American people excel all previous civilization and we are a present-day marvel in business efficiency, but in dealing with foreign countries we are a sorry lot of traders. Ever since Wm. Penn traded the Indians a handful of trinkets for what is now the State of Pennsylvania, the American people have been selling their birthright to foreigners for a mess of pottage, so to speak.

We export over \$50,000,000 of cattle and their products per annum, which feeds the nations of Europe, and our American heiresses spend a similar sum in buying and maintaining counts, dukes and titled peerages. These foreign noblemen are, as a rule, absolutely worthless—in fact become a perpetual liability—for it costs more money to operate and keep them in repair than it does to run our cotton mills. European royalty puts the black sheep of its families on the block and our rich American girls buy them and we virtually exchange railroads, wheat fields and millions of dollars' worth of products of farm, mine and factory for titled paupers who could not be resold for any sum. It does not require foreign treaties, a fleet of war vessels or tariff revision to stop this enormous loss. It needs only common sense in the homes of the rich.

We export \$18,000,000 of lumber and timber, and American tourists spend a similar amount in motoring over Europe and sightseeing in foreign lands although the most enchanting scenes of the world are on the American continent.

How To Give Quinine To Children.

FEBRELIN is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children like it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not cause any nausea or nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for Febelin—original package. The name "Febelin" is on the wrapper.

## AUTOS COLLIDE-- THREE INJURED

Woman and Girl Hurlled From Machine. Hess Jones Cut By Flying Glass.

JOHN LONG UNINJURED.

Three persons were slightly injured last night near 8 o'clock when an automobile driven by John L. Long, Madisonville, Ky., collided with a machine driven by Arthur Willem, 718 Mary street, at the corner of Delaware and Oakley streets, driving the Willem machine up on the sidewalk and breaking off a water plug. Mrs. W. F. Schwenker, 718 Mary street, had her arm out by flying glass, and Olive George, the three-year-old daughter of Mr. and Mrs. Olive George, 212 Igleheart avenue, was thrown from the machine and severely bruised.

Hess Jones, of Atlanta, Ga., who was in the machine with Long, had his hand cut and bruised. The Willem machine was almost demolished, and Mrs. Willem and Mrs. George, who were in it at the time of the collision, escape injury narrowly. Willem was going West on Delaware street and Long was coming in on Oakley. Both claim to have been driving slowly and say that they did not see each other. Long was arrested by Bicyclemen Nolte and Keown and sent to police headquarters charged with violating the speed law. He was later released on \$100 bond furnished by Jones. —Evansville Courier.

### Parcel Post Eliminates the Middleman

Officials of the United States Department of Agriculture have been testing out the parcel post as a means of marketing eggs and have found it highly satisfactory. The department has shipped 466 lots, consisting of 9,131 eggs to various parts of the nation and upon arrival at destination, only 327 eggs, or three and one half per cent of the total were broken. Ten dozen eggs can be shipped in one container a distance of 150 miles at a cost of 4.7 cents per dozen. This includes the cost of transportation and container.

Kentucky postal authorities advise that the farmers and farmers' wives of this state are utilizing the parcel post extensively in selling farm produce direct to the consumers and excellent results have been obtained.

Last winter when eggs were being sold by retailers at from 50 to 65 cents to the consumers the farmers were only receiving 20 and 25 cents per dozen for their product, giving the middleman from 30 to 40 cents on each dozen eggs he handled. The parcel post system of marketing entirely eliminates the middleman's profit and divides the profit of the middleman among producer and consumer.

### Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

## THE SUMMER HAS NOT BEEN SO BAD

Our deposits in June averaged \$60.00 more per day than last June. And in July they were \$84.00 more per day than in July 1913. Hope some of it was yours. Why not?
